Project Management Essentials and How to Capitalize on Your Strengths To Fuel Success

January 31, 2024 • noon to 1:30 p.m.

Jason Mackenzie, Park Planning and Development Manager, Hillsborough County

Samantha Phillips, Project Manager, Hillsborough County

Whether your projects are intergalactic or next door, project management can be daunting. From change orders, procurement setbacks, production delays, and more. In this session, we will identify essential project management steps, recognize common pitfalls, and show you how to capitalize on your individual strengths/transform your weaknesses to set yourself apart as a project manager. After this session, prepare to be fueled up and ready to launch. 0.15 CEU

Learning Objectives:

- Outline project management essentials.

- Understand how to capitalize on strengths and refine weaknesses for project success.

- Identify challenges and common pitfalls throughout projects.

About the Speakers:

Jason Mackenzie is a Parks and Rec kid with 25 years of experience as a Parks and Recreation Professional. A Florida Native and graduate of the University of South Florida, he brings experience in Aquatics, Athletics, Emergency Operations, Parks Management, Planning, and Recreation. As a Park Planner and Development Manager, he often consults his target audience and toughest critics for advice on projects...his kids.

Samantha Phillips is a Colorado native and outdoor enthusiast who grew up bouncing around national parks on family vacations. Since then, she has worked on various conservation and park projects including site restorations, park planning, and stormwater mitigation. She is currently pursuing her Masters in Environmental Policy and Management at University of Denver. Outside of work, her passions including spending time with her son, reading, honey, and running.

Activate Communities Through Intentional Playground and Outdoor Fitness Design

February 13, 2024 • noon to 1:30 p.m.

Mike Kendrick, Deputy Director - Parks, Port St. Lucie Parks & Recreation

Suzanne Quinn, PhD, Manager of KOMPAN Play Institute, North America

Your playgrounds and outdoor fitness sites are a main attraction for the whole community. Active spaces have numerous benefits for overall health and community cohesion. But, how do you get the design right to not only attract people, but to retain them for longer periods of time? The answer is intentional design. In this session we will discuss design strategies that help playgrounds and outdoor fitness sites be the best they can be. Our session is backed by research from the KOMPAN Play Institute, and the broader literature. We will share specific examples from Port St Lucie, where the design approaches have attracted people of all ages and all abilities to play, exercise, and enjoy what the community has to offer. 0.15 CEU

Learning Objectives:

Learn about the research behind intentional design strategies for outdoor play and fitness areas.

Discuss trends in outdoor play and fitness designs.

Apply intentional design strategies for outdoor playgrounds and fitness to their future projects.

About the Speakers:

Mike Kendrick is the Deputy Director for the Parks and Recreation Department in the City of Port St Lucie. He has an Associate Degree of Applied Science in Golf Course Operations and a Bachelors degree in Organizational Management and is a graduate from FRPA's Abrahams Academy for Leadership Excellence in Parks and Recreation. He has over 25 years as a Golf Management and Construction and 16 years of experience with local government. In his current role, he creates and manages the parks annual budget and oversees many capital projects

Suzanne Flannery Quinn, PhD (Syracuse University, USA) is the manager of KOMPAN Play Institute, Americas. Suzanne was formerly a Senior Lecturer and Programme convener of the MA Early Childhood Studies at the University of Roehampton, London, Froebel College, where she was a research member of the Early Childhood Research Centre. Suzanne conducts international research on children's active outdoor play.
